

The conference "Serbia and the Republic of Srpska - where the internationalization has small costs and a lot of promises", held in Vicenza in Italy, organized by the Association of Industrialists Vincentia (Confindustria Vicenza), presented the investment opportunities in the business zone "Lipova Greda" in Kozarska Dubica. Municipality Kozarska Dubica was invited to present investment opportunities in the business zone "Lipova Greda", which is regarded as the most interesting commercial zone in Bosnia, and because it already has the Italian investment carried in the municipality.

To interested Italian businessmen spoke Nicola Palazzina, a representative of the company IBC (International Bridge Consulting) with whom the municipality Kozarska Dubica has signed a cooperation agreement to promote business zone and Graziella Franzoni, representative of "Franzoni Filati", they met the conference participants with positive experience investing in Kozarska Dubica. On this occasion first visit of Italian investors interested business zone "Lipova Greda" was agreed and announced, it would be as early as next week that arrival of seven interested Italian businessmen could be expected.

The conference was attended by more than 50 Italian businessmen, representatives of the Veneto region, the banking sector and others. Following the presentation bilateral meetings with all interested Italian businessmen was organized, where they could further inform about all the benefits that municipality Kozarska Dubica provides for potential investors.
