

The contract regarding the entry conditions for the investors in the Business zone "Lipova Greda" was signed yesterday between the Municipality of Kozarska Dubica and company "Eko-Bel" from Laktaši.

This is the third lot which the company "Eko-Bel" purchased in the Business zone, so far resulting with the construction of the first plant for processing fruits and vegetables, which opened in mid-August.

The lot is located in the southern part of the Business zone with all needed infrastructure present: water supply and sewage networks, street communications, electrical energy and access to telecommunications network.
